

# All Wales Induction Framework for Health & Social Care Accelerated Training and Completion Programme (Sections 1, 3, 5, 6 & 7) Three-Day Intensive Programme

**Gofal Cymdeithasol Cymru / Social Care Wales** are making it compulsory for all care staff to complete the new Induction Framework as a minimum standard by **2022** (adult residential workers). This three-day accelerated programme, including trainer support and printed workbooks, covers the essential elements of the programme and supports care staff to complete the Framework in as short a time as possible. The course includes:

- CPD accredited and certificated training covering ALL the mandatory training elements of the Induction Framework\*
- Portfolios containing printed workbooks, scenarios, group discussions and activities to support the evidence of learning for managers to sign-off
- Trainer-led support, offering “jargon busting” advice and one-to-one assistance with completion of the materials

**This Accelerated Course runs every month at our Llanfairfechan Training Centre - check our website for latest dates!**

The learned content of this course is certificated by the CPD Certification Service and adds 21 hours of learning to the candidate’s professional records.

\* Excludes First Aid and Moving & Handling which must be covered by additional training due to standards. If required, this can be offered as additional training options by Key Training Academy Limited

## Why choose Key Training Academy for Training?

- Key Training Academy is owned and operated by a Registered Nurse (RGN/RNMH) and School Manager (CSBM, DSBM, ADSBM), which means both high quality clinical skills and educational experience is imparted throughout all our training
- All Key Training Academy trainers are not just 'trainers' - they have a genuine, operational knowledge and experience in a wide variety of healthcare settings, having previously worked as nurses or senior carers and in relevant training environments
- Key Training Academy are 'Dementia Friends', are members of the British Institute of Learning Disabilities, the National Back Exchange and are members of the Association of Healthcare Trainers. The good practice and national recommendations from these affiliations are included in all our training courses
- Key Training Academy are members of the CPD Certification Service, which means courses offer learners quality, certificated learning that can contribute to their CPD portfolios
- Key Training Academy offer the **best value locally** and can offer a flexible, tailored service either through our 'open' courses at local venues or we can come to deliver training at your premises
